Weekend Traffic Toll Reaches 565

The Memorial Day weekend traffic death toll across the nation climbed rapidly Sunday. The death toll in traffic accidents stood at 565 at 12:01 EDT.

A total of 488 traffic fatalities were counted during a recent nonholiday period of the same length. Last year's death total for the Memorial Day observance was 608, a record for the four-day holiday.

The record traffic toll for any warm weather holiday period is 732, set during the four-day Independence Day observance last year.

The recent nonholiday count of 488 highway deaths was made by The Associated Press for comparison against this year's Memorial Day toll. The survey covered the period from 6 p.m. Wednesday, May 15, to midnight Sunday, May 19.

In other outdoor accidents over the current weekend, boating mishaps claimed 36 lives and 108 persons drowned. Total deaths at midnight stood at 709.

Pennsylvania 2nd to California

Traffic fatalities soared to 34 in Pennsylvania as the long Memorial Day weekend came to a close.

The total was second only to California in the nation. Three other persons drowned in Pennsylvania during the holiday, which started at 6 p.m. last Wednesday and ended at midnight Sunday.

Outdoor Drama Visitors Are 'Impressed' by Warren

Three experts on outdoor historical drama who were in town for the past four days to gather information on the feasibility of an outdoor drama here left Warren Sunday saying they were truly impressed with community leadership, the county historical society and the area in general.

The visitors were Dr. Samuel Seiden, visiting professor at the University of North Carolina and a member of the administrative board of the Institute of Outdoor Drama; Stanley Young, professor of drama and speech at Hofstra University and a member of the National Council on the Arts; and Mark R. Sumner, director of the Institute of Outdoor Drama, University of North Carolina.

They arrived here Thursday in time to attend the three-day dedication and dinner. Friday they spent several hours at the historical society and speaking with local historical experts, Merle Deardorff,

Rocket Rips Saigon Police Command Post; Six Officials Killed

SAIGON (AP) — A rocket fired during a battle inside Saigon killed six high-ranking Vietnamese officials and wounded four others Sunday, police and military sources said. Evidence mounted that the round was fired in error by an American helicopter.

Among those identified as killed was Col. Pho Quoc Chu, director of the port of Saigon and brother-in-law of Vice President Nguyen Cao Ky. Col. Van Van Cua, mayor of Saigon, was reported seriously wounded.

The rocket slammed into a temporary police command post in the capital's Chinese Cholon section, where the Vietnamese officials had gone to observe street fighting. It hit after U.S. Army helicopter gunships had been called into fighting inside the city proper for the first time since the latest Viet Cong drive began May 5.

A preliminary report by Vietnamese police—that the missile apparently was a B40 antitank rocket used by Viet Cong—conflicted with the accounts of several eyewitnesses, including newsmen, who said the rocket was fired by a U.S. helicopter.

The U.S. Command at first denied the eyewitness reports and said no American helicopters were in the battle area when the rocket hit, about 6 p.m. Later, the command said it was possible that an American

gunship had fired the round by mistake. A spokesman said an investigation was underway.

One eyewitness, a Vietnamese photographer, said two U.S. helicopters were circling Cholon at the time, firing rockets and machine guns near a Chinese school on Khong Tu Boulevard.

The photographer said the Vietnamese officials had set up a temporary command post in the school to plan an assault on Viet Cong holed up in the area.

South Vietnamese military headquarters reported, meanwhile, that two fresh Viet Cong battalions—between 600 and 800 men—had slipped into the Gia Dinh section on the northern side of Saigon. The units were identified as the K-1 and K-2 battalions of the Dong Nai Regiment.

Glimmer of Hope Seen In Vietnam Peace Talks

PARIS (AP) — A member of President Johnson's negotiating team said Sunday he has told the President a long, tough road probably lies ahead in the quest for Vietnam peace through talks in Paris. But recent developments provide a glimmer of hope that the deadlock which has balked progress for three weeks can be broken.

It is just a glimmer. The hints, coming from North Vietnam and the Soviet Union, were vague—so vague that diplomatic circles here hesitated to arouse expectations about them.

The American delegation carefully examined the latest North Vietnamese statement for evidence of a change, possible after the arrival here Monday of Le Duc Tho, a top-ranking

member of Hanoi's ruling Communist Politburo.

The announcement of the mission to Paris, plus the return Sunday of Ambassador Cyrus R. Vance to resume his place in the talks after consultation with President Johnson, raised speculation that some movement might be in progress.

Vance said on his arrival at Bretigny military airport—the civilian fields are closed by strikes—"I have received no new instructions from the President. Our position continues to be that which was laid down by the President in his speech of March 31."

"I told the President and others in Washington that the road ahead looked long and difficult, but that I was not discouraged,"

Californians Give McCarthy Edge Over RFK After Debate

LOS ANGELES (AP) — California's man on the street gave Sen. Eugene J. McCarthy, D-Minn., the edge over Sen. Robert F. Kennedy, D.N.Y., in a televised confrontation in their battle to win Tuesday's Democratic presidential primary.

A cross-section check by The Associated Press of voters in key sections of the state produced the customary division of opinion over who carried off the honors in their first face-to-face meeting in four primary contests for nominating delegates.

But the trend of the answers among those interviewed at random was to credit McCarthy with more of the maturity usually associated with presidents than Kennedy displayed.

On the other side of the coin Kennedy was praised by a few for the youthful vigor with which they believed his late brother, John F. Kennedy, had operated the nation's top office.

Although the average citizen seemed to think that the confrontation Saturday night on an ABC special program from San Francisco was a flop as a debate and produced only minuscule differences on policy, the candidates themselves seemed satisfied with their exposure to

as many of the state's 4.3 million registered Democrats who cared to look.

McCarthy took the offensive and Kennedy adopted a conciliatory tone in a Sunday renewal of their conflict.

The Minnesota senator appeared on CBS's Face The Nation program and the New Yorker on ABC's Issues and Answers.

McCarthy said he thought Kennedy had clouded his position on Vietnam by saying that peace negotiators would have to determine the role the Communists might play in a new Saigon government. The Minnesota senator had said that the United States must recognize that the new government must include Communists.

"I think he hedged on that," McCarthy said of Kennedy.

He said he wished the discussion had been held earlier to point up the differences between them on Vietnam and the handling of the ghetto rioting problem. He said Kennedy wanted to rebuild the slums while he wanted to move their residents to the suburbs.

Kennedy, pronouncing himself satisfied with the outcome, said the people will decide at the polls Tuesday who won.

He was asked whether he still wants to form a coalition with McCarthy after the primary to oppose the strong bid Vice President Hubert H. Humphrey is making for convention delegates.

"It's always been clear both of us want to move in a new direction," he said. "Perhaps after the California primary we can somehow join together."

He said the Chicago party convention would "make a mistake if it doesn't realize that the people want to move in a different direction than we've been following in the past three years."

Kennedy and McCarthy agreed on one thing—that Humphrey doesn't have the nomination locked up at this point.

Humphrey has not entered any of the major primaries, although a slate backing him was defeated by a Kennedy group in the District of Columbia contest. A California slate formed to support Johnson before he withdrew presumably would back Humphrey in the unlikely event that it won Tuesday when the ballot victor will walk off with 174 convention votes.

FIREMEN INJURED
Two firemen were injured while fighting a fire at the G. G. Greene residence on Conewango ave. Saturday morning. They were hurt in an explosion possibly set off by a back draft. There has been no estimate on the damage yet. An investigation into the cause of the blaze is being continued. Damage was extensive. See story on page two. (Photo by Mahan)

Warring Cypriots Gather For Official Talks

BEIRUT, Lebanon (AP) — Official representatives of the Greek and Turkish Cypriot communities, Glafcos Clerides and Raouf Denkash, arrived by plane in Beirut Sunday to begin the first official talks between the two warring sides in 4 1/2 years.

The unannounced journey of the two men from Nicosia followed two weeks of intensive efforts by the special U.N. representative in Cyprus, B. Osario-Tafall, to break a procedural deadlock that had stalled the start of talks for nearly three months.

Clerides is the president of the Cyprus House of Representatives. Denkash is the president of the Turkish Cypriot Communal Chamber.

The two were picked as official representatives of the respective sides after the Greek and Turkish Cypriot leadership accepted a proposal by U.N. Secretary-General U Thant in March for bilateral talks.

The start of the talks was held up until now because the Greek side insisted the talks should be held in Cyprus under U.N. auspices, while the Turkish side maintained the talks should take place outside Cyprus without U.N. involvement.

Denkash, who lived in exile for more than four years, was permitted by the Greek-dominated government of Archbishop Makarios to return to Cyprus in April specifically so that he could head the Turkish delegation to the talks.

The two Cypriot leaders declined to make any comment to this correspondent, who flew on the same Nicosia-Beirut flight with them. Sitting opposite each other in a separate compartment of the plane, they said the nature of their deliberations would be kept secret to improve the chances of success.

The two men were close personal friends until the outbreak of intercommunal fighting in December 1963. The two communities have existed in a state of intermittent fighting ever since, with the Turkish community outnumbered approximately four to one.

The United Nations was anxious to bring the two sides together before the middle of this month, when the Security Council is to meet again to consider extending the mandate of the 5,000-man peace force on the island.

Fatal

A. Zandi, 17, 301 W. Main st., Sheffield, and Marquerite E. Hesch, 16, 6 1/2 Jackson st., Warren, were walking east in the west bound lane, troopers said, when they were struck by a car, operated by Dennis Hulton, 20, 111 Long ave., which was overtaking a tractor trailer truck. The girls were treated at Warren General Hospital and released.

Damage was set at \$1,000 in a one-car mishap Sunday at 2:30 a.m. on Rt. 62 at Venturatown. Gardner E. Muir, 19, 5 Lansing st., North Warren, apparently fell asleep at the wheel and the car veered off the road striking a parked vehicle and a telephone pole. State police reported two accidents on Rt. 62 five miles north of Warren late Saturday afternoon.

Frederick Hargrove, 24, Camp Blue Jay, Marienville, suffered abrasions of the head when his northbound car left the road and hit a guard rail, they said. Twenty minutes later, cars operated by Josephine S. Grace, 48, RD 1, Russell, and Daniel James Kosinski, 18, collided causing \$300 damage.

Candidates Running Hard In New York

ALBANY, N.Y. (AP) — The three contenders for the Democratic presidential nomination are laying the groundwork for blitzes in New York State.

Of this state's 190 delegates to the party's national convention, 123 will be picked in the June 18 primary. The Democratic State Committee will choose 65 after the primary, and the two other spots go to the state's national committeeman and national committeewoman.

Sen. Eugene J. McCarthy recently said he would wage an all-out effort for support among the 3.7 million registered democrats in Sen. Robert F. Kennedy's adopted state.

Kennedy subsequently announced that he would campaign extensively in New York after Tuesday's primary in California.

Supporters of Hubert H. Humphrey say the vice president will join the fray, beginning with an address to Democrats in Rochester Thursday.

Under New York's primary system, three delegates and three alternates are chosen at the polls in each of the 41 congressional districts.

McCarthy backers collected about 150,000 petition signatures to field slates in all but four of the districts, Humphrey-pledged candidates are running in 25 districts. Kennedy has 32 slates pledged to him.

Visitors

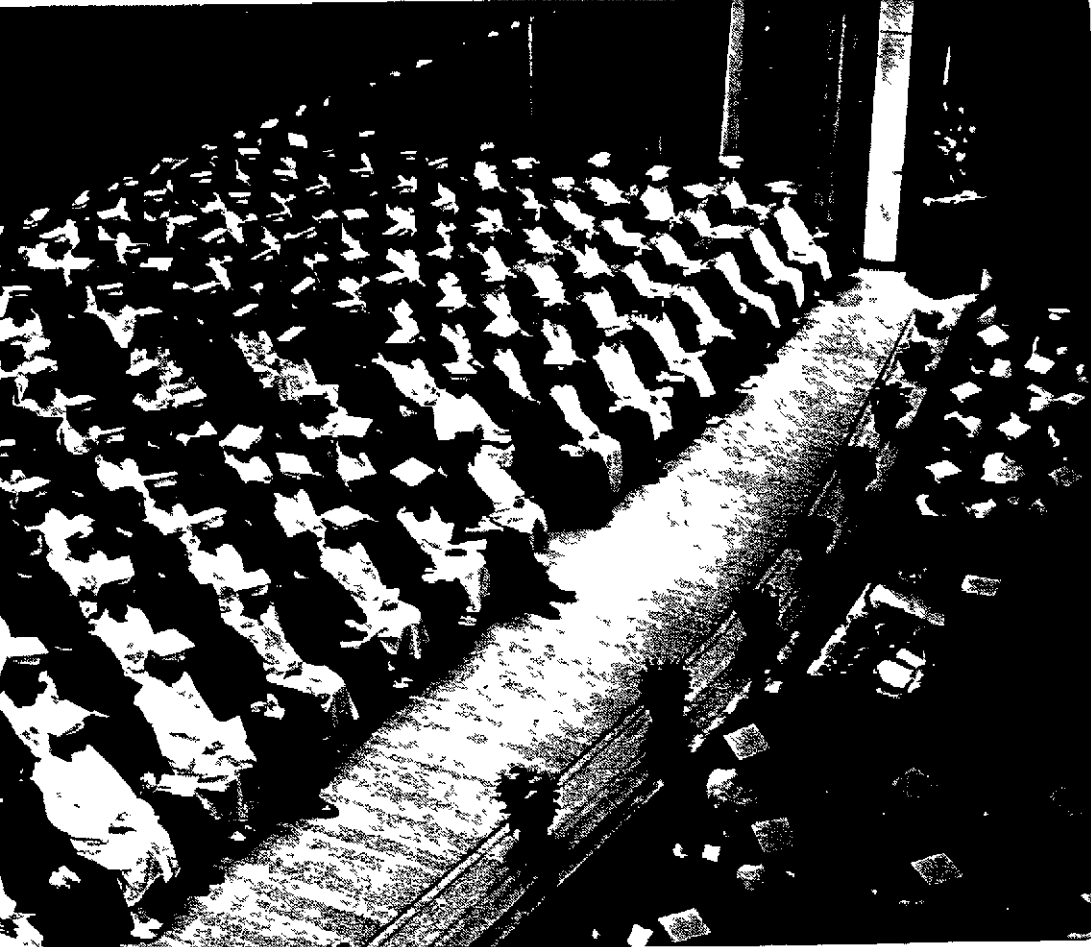

the three emphasized that an historical drama would not be a pageant but a play which would include music and dance.

Before leaving Sunday the three made a side trip to Chautauqua Lake and Institution to gain further knowledge of the locality.

During their stay here, Selden, Sumner and Young met and spoke with over 150 individuals to learn attitudes and information necessary for their appraisal.

In about three months they will present a report on the feasibility of an outside drama here including in it guidelines on the size of production and costs that the community could support. Their estimates will be based on the potential drawing power of the drama alone and not on the additional attendance that might be expected from those who come here for other attractions.

The visit of these experts was sponsored by the Kinzua Dam Vacation Bureau, Leroy Schneck, president. It is part of a preliminary probe to determine if Warren is a good site for outside drama and not a commitment to establish such a drama. An outdoor drama, should it come to Warren, would be the first of its type in Pennsylvania and could well become a regional or even a state project, according to the vacation bureau.

Silo Explosion Near Lewisburg Kills Three Volunteer Fire Fighters

LEWISTOWN, Pa. (AP) — Water poured into a hay silo by firemen apparently choked off natural gases and caused an explosion that killed three volunteer fire fighters Saturday, the State Fire Marshall's Office reported Sunday.

"The gases in the silo were cut off and couldn't escape, and this apparently built up pressure and caused the explosion," said Cpl. Kenneth Thompson of the Hollidaysburg State Police, who investigated the blast in nearby Brown Township.

A spokesman at Lewistown Hospital identified the victims as John Wilson, 17, Jack Hopple, 19 and Richard White, 18, all of Lewistown.

Thompson said the victims had

just climbed to the roof of the silo, and were beginning to douse the hay and corn fodder stored there with foam. However, Thompson said, what fire officials originally believed was a smoldering fire apparently was escaping gas caused by natural fermentation.

The blast blew the roof off the silo, sending the victims hurtling through the air.

Fire Chief Larry Yohn, 30, of the Reedsville Fire Co., who also was blown off the roof by the explosion, was in serious condition at Lewistown Hospital. At least 12 other firemen in the vicinity of the blast were treated at the hospital for shock and burns.

Thompson said the silo was

60 feet high and 20 feet in circumference. Only the roof was destroyed, as was the roof of an adjoining silo, he said. The walls of both structures remained intact.

Joe Rupe, a newsman for WMRF radio here, who witnessed the blast, said "There was a muffled explosion. There was metal flying and I saw the firemen hurtling through the air. I came across two of the bodies as I was running from the flying metal."

The silos are at the rear of a dairy store called Dairyland. They are owned by C. C. Zook of Bellsville and A. Reed Hayes Jr., of Reedsville.

A damage estimate was not available.

Steelworkers Union Opens Talks; Two Aluminum Giants Are Struck

NEW YORK (AP) — The AFL-CIO United Steelworkers' Union opens talks with the 11 major steel producers Monday, after signing a new three-year pact covering half the nation's aluminum workers.

However, the two aluminum giants, Alcoa and Reynolds, were struck over the weekend by another union — the AFL-CIO Aluminum Workers.

Alcoa, far the largest producer, reported half its capacity knocked out.

The steel talks, covering 480,000 employees, open in the most optimistic atmosphere in years. For the first time, thousands of local issues were narrowed down in six weeks of preliminary discussions.

There hasn't been a major steel strike since a 116-day walkout in 1959, although the White House has had to intervene several times. The present 35-month contract, which expires Aug. 1, was agreed upon in 1965 after President Johnson

stepped in.

The 33-man steelworkers union executive board, headed by President I. W. Abel, met Sunday to plan strategy. An afternoon meeting of the 200-member negotiating advisory committee followed.

Fire Guts G.G. Greene Residence

A fire of undetermined origin gutted the major part of the second floor of the G.G. Greene residence at 1235 Conewango ave. early Saturday morning.

Two Warren firemen, Tom Haines and Henry Bullock, were injured in an explosion believed to have been caused by a back draft.

Haines was blown off a ladder and Bullock was struck by a flying window sash. Both men were taken to Warren General Hospital and admitted. Bullock was released Sunday. Haines' condition was listed as satisfactory.

The blaze probably began at the rear of the house, firemen said. Fire damage was restricted to the upper portion of the large frame house but the lower floors were damaged by smoke and water, they said. No estimate has been placed on the damage. The investigation into the cause of the fire is being continued.

Warren firemen answered the alarm at 3:02 a.m. and were at the scene more than five hours. They were aided by volunteer departments from North Warren, Pleasant twp., Glade twp., and Conewango twp.

Mall Promoters Say Plans Moving Ahead

LAKEWOOD, N.Y. — Promoters of the Chautauqua Mall on Fairmount ave. in Lakewood announced Saturday that their plans for the construction of the new shopping facility will move ahead immediately.

Galesi Realty Co. of Patterson, N.J., promoters of the mall, said the last of the real estate transactions have been completed clearing the final hurdle prior to construction.

The Chautauqua Mall will have space for more than 70 stores making it the largest in Western New York and Northern Pennsylvania including the Buffalo and Erie areas. When completed the shopping center will include a covered air conditioned mall, several large department stores, dozens of smaller shops, several super markets, branch offices of one or more local banks and a number of service facilities.

Among the major firms who will have stores in the mall are W. T. Grant Co., A & P, Wool.

worthing, J. C. Penney Inc., and Sears Roebuck and Co. An announcement was made more than three months ago that Sears Roebuck would close its downtown Jamestown store and move to the new Lakewood facility.

A spokesman for Galesi Realty said a public meeting will be held in the near future to explain the entire project including the date of groundbreaking and the construction timetable. When first proposed more than two years ago, a figure of \$3.5-million was quoted as the cost of construction, but since then plans have been greatly expanded which will increase the final construction costs significantly.

Demonstrators Carry Campaign To Department of Agriculture

WASHINGTON (AP) — Several hundred demonstrators carried the Poor People's Campaign to the Department of Agriculture again Sunday and their leader promised "We're going to prove that America is a rich man's heaven but a poor man's hell."

Repeated denunciations of some of the nation's rich families and attacks on the department's food distribution policies marked the rain-plagued trek from and to Resurrection City by a predominantly Negro crowd estimated by police at 400 to 500.

Hosea Williams, the newly named leader of demonstrations, at the climax of activities at the department headquarters building shouted: "We are going to start some demonstrations in this town that those folks up on Capitol Hill ain't going to take."

This, like other statements, brought cries of "Right, Ho-sea!" and "Tell it, Brother!" from the marchers.

The march was announced as a memorial to Arthur Easton, a 25-year-old Philadelphia Negro who collapsed and died while participating in an earlier demonstration at the department buildings last week.

Fraudulent Pretense

Ronald M. Rudolph, 30, Warren, was arrested by state police late last week and charged with cheating by fraudulent pretense.

The arresting officer, Trooper Max J. Bizzak, said Rudolph is charged with approaching individuals under the pretense of having an item for sale, then taking a deposit and leaving never to return.

Rudolph was brought before Justice of the Peace Raymond Gilmore where he posted bond.

The Sells & Gray three ring circus began arriving in Warren Sunday, and some children just couldn't wait for the show's performances on Monday to see the elephants. Many of the older children like Floyd Morris, Bob Turner and Kim Mason just couldn't resist getting close enough to feed and pet the pachyderm; then there

were some younger children like three year old Michael Atkins who were content to keep their distance and watch. The circus will present performances at 4 p.m. and 8 p.m. tonight at the Warren Airport. The show is in Warren under the sponsorship of the Warren Moose Lodge. (Photo by Knight)

Senate Appropriations Committee Takes Up Nonpublic School Aid Bill

HARRISBURG (AP) — The Republican-controlled Senate Appropriations Committee begins consideration this week on controversial nonpublic school legislation that includes new proposals by Gov. Shafer.

The governor's proposals were submitted as amendments to a \$27 million House-passed bill, which Shafer labeled unacceptable.

The amendments called for a

limited form of purchase of secular educational services from the private and parochial schools to be funded initially by \$4.3 million from harness racing revenue.

The harness fund would finance all or part of the cost until the new flat racing fund reached \$10 million, when it would assume the sole financial responsibility for the program.

"I'd say the governor's amend-

ments improved the bill, said Sen. George N. Wade, R-Cumberland. Wade is chairman of the Appropriations Committee, which takes up the legislation at a meeting Tuesday.

Informed legislators said proponents of the bill accepted the Shafer package, believing it was the most they could expect this year. Ranking legislators in both chambers said they expected it to pass.

Both the House and Senate convene Monday for three days of work.

The Senate has yet to vote on the \$44.7 million bill to increase teacher salaries, but its passage is expected to be a formality. Sen. Stanley G. Stroup, R-Bedford, majority leader, said the bill would be brought to a vote Monday and predicted its passage.

The legislation, approved by the House last Tuesday, would increase the minimum starting salary in Pennsylvania to \$5,400 in the new school year.

Meanwhile, House Republican leaders contemplated action on a bill proposing wholesale changes in the state's absentee voting law, a disputed measure on milk control and an amended version of the Susquehanna River compact.

Among other things, the absentee voting bill would require all ballots be in the hands of the county elections board by Friday before the election. The ballots would be counted election night with regular poll returns.

Opponents of the farmer-backed milk control bill on the House floor were expected to attempt to abolish all price-fixing authority on a consumer level.

Falling in this, they reportedly are contemplating amendments to abolish the three-member Milk Control Commission, place price-fixing powers in the hands of the agriculture secretary and create a nine-member Milk Advisory Board in the Agriculture Department to assist him.

This would be in line with a Shafer administration bill which the House Agriculture Committee rejected.

U.S. Bomber Crashes on Grounds Of Kyushu Univ.

FUKUOKA, Japan (AP) — A U.S. Phantom F4 fighter-bomber crashed on the grounds of Kyushu University Sunday night, setting afire a computer center and touching off an anti-American student demonstration.

Police identified the plane's crew as Lts. Russell Crutchlo, 46, and Ernest Johnson, 35, but did not give their home towns. Both men parachuted and were slightly injured, police said.

About 300 students gathered and shouted, "Yankee go home!" Police said the students chased 30 Japanese policemen off the campus and stormed a U.S. military patrol car at the scene. Some 100 policemen were called in to rescue four American servicemen inside the car.

Takaaki Mizuno, president of the university, said the institution in the past has appealed against the presence of the American-operated Itazuke air base nearby.

The computer center burned for an hour before Japanese and American firemen extinguished the blaze, police said.

Last-Minute Campaigning Push On in S.D.

PIERRE, S.D. (AP) — Hollywood figures stumped for Sen. Robert Kennedy, D.N.Y., and Sen. Eugene McCarthy, D-Minn., while local democrats begged support for Vice President Hubert Humphrey in final campaigning before Tuesday's presidential primary in South Dakota.

Humphrey's name isn't on the ballot in the state where he was born and raised. But a 26-member slate of delegates pledged to noncandidate President Johnson is backing the vice president.

Former Vice President Richard Nixon is the only Republican on the GOP ballot in South Dakota. Cross-over voting and write-ins are not allowed.

Actress Jill St. John crossed the state during the weekend for McCarthy. "He's a great man," she said at Pierre. "He's our only hope. He's the only man I trust to be president of the United States."

Kennedy's hopes were being pushed by his wife, Ethel Kennedy, and pop singer Andy Williams in one of the last important primaries before the national political conventions.

"Some people wonder if there's room in the White House for all of us," cracked Mrs. Kennedy, mother of 10.

She said her husband was the first presidential candidate to come out for negotiations to settle the Vietnam War and described him as a man who battles for his beliefs.

THE KINZUA CAMPERS ARE HOPING FOR GOOD WEATHER for their June Campout to be held at Brokenstraw Campgrounds on June 15, 16 and 17. Many have planned to attend the state convention at Centre Hall that same weekend but the rest of the group plan a big time at Brokenstraw with the George Boston and William Yeagle families of Warren as hosts. Twenty family units met together at the invitational campout in May with nearly fifty people enjoying fellowship despite the rain and cool weather. When good campers get together, weather isn't a factor. A Friday night and Saturday night campfire was held, and games were played by the youngsters. On Saturday and Sunday mornings worship services were conducted in the shelter by the Robert Andersons, chaplains. Everyone enjoyed the chicken barbecue put on by the Wrightsville Volunteer Fire Department. Thanks go to Claude and Maggie Allen who were the hosts and to Henry Vaughn who is the program chairman. Also, to the many others who helped make the weekend enjoyable.

FENTIER VILLAGE HAS OPENED for its third season of fun and enjoyment. This replica of an 1870 Western Frontier Town is probably the greatest western attraction and entertainment east of the Mississippi River. For the recreation-seeking traveler, a visit to this scenic area is a "must." Along the covered boardwalk are all the principal landmarks of a pioneer town, general store, marshall's office and jail, town hall, silent movie theatre, cafes and souvenir shops. The only incline railway in New York State is another featured attraction.

MR. AND MRS. JOHN BEANE of Mount Jewett, former residents of Endeavor, will be guests of honor at an open house celebration on their 25th wedding anniversary. The open house will be held at the Endeavor Community House Saturday, June 8, from 2 to 5 p.m. Everyone is welcome.

THE WIMODAUSIS CLASS of Sugar Grove United Methodist Church was recently entertained by Mrs. Mildred Wright at the home of Mr. and Mrs. David Wright. Miss Flossie Broughton conducted the meeting; devotions were led by Mrs. Ray Power. Officers reports were given by Mrs. Chester Mason and Mrs. Walter Storms. Readings were given by Mrs. Power, Mrs. Robert Sanders, Mrs. Storms, Mrs. Wright, Mrs. Myrtle Cady and Mrs. Mason. Miss Broughton gave the lesson on Indonesia.

MINIATURES: The regular meeting of the Warren County Licensed Practical Nurses will be held in a picnic form for the whole family at the home of Evelyn Greenawalt today, June 3 at 6:30 p.m. Their home address is 9 Nathan st., North Warren. Ann Landers
Answers Your Problems

DEAR ANN LANDERS: Right now my head feels as if it will burst. My mother just left. I need to know what to do about her daily visits which leave me depressed, drained and half sick.

The minute Mother sits down she begins to report on the illnesses and tragedies of relatives, friends and neighbors. Every story she tells is like a movie. She has an eye and an ear for detail that is uncanny. Mother makes you feel every ache and pain of the person she is describing. She'd rather go to the hospital to see a sick person than go to a party.

Last month Mother attended seven funerals. (Only one was a relative.) Right now I am so down in the dumps I could die. I can do nothing to alleviate her hard-dresser's agony (her small daughter is dying of leukemia). I can't help her neighbor whose only son lost both legs in Vietnam. Last week Mother awakened me at midnight to tell me about a car accident in which four people were killed. She had heard it on the radio. I didn't know the people and neither did she—but "Isn't it AWFUL?"

I love my mother and I don't want to be disrespectful, but I just can't listen anymore. Do I owe it to her? Would I be a bad daughter if I told her I didn't want to hear her daily reports of tragedy and death? Please advise me, Ann.—BLUER THAN BLUE

DEAR BLUE: Each of us knows someone who thoroughly enjoys being first with the bad news. When that person is your mother the problem becomes compounded because you cannot lop off a mother as you would a pesty neighbor or a boring friend. Tell Mary Sunshine her continuous recital of gloom and doom is making you ill and she'll just have to spare you. When she starts again tell her you'd prefer not to hear any more sad stories and then change the subject.

DEAR ANN LANDERS: I've always had an odd feeling about Phi Beta Kappa keys dangling from watch chains. They seem to say, "Look at me, I am smart." (Worse yet, in my opinion, is the woman who wears her Phi Beta Kappa key on a chain around her neck.)

But what do you think about a 40-year-old man who wears his Phi Beta Kappa key as a lapel pin? Isn't this tasteless? It really knocked me out. How about you?—GALATEA

DEAR GAL: Corny, yes. But it doesn't knock me out. I'm mystified as to why you attach so much importance to it.

CONFIDENTIAL TO THIS TIME IT'S REAL: It's natural for teenagers to want to learn from experience but divorce is one experience you can live without. If it's real it will still be real two years from now. Wait.

CONFIDENTIAL TO DON'T NEED GLASSES: It sounds as if you don't need glasses because you drink straight from the bottle. Your letter contained a half-dozen contradictions and it even smelled of bourbon. Write again when you're sober, please, and I'll help you if I can.

Drinking may be "in" to the kids you run with—but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze and You—For Teen-Agers Only." Send 35 cents in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

Finds Way That Both Relieves Pain and Shrinks Piles in Most Cases

SPIDER BURST VEINS

Q. I am only 21 and have already developed 'spider burst' veins on my legs. Is there something to do for these unsightly blemishes? Is this a forerunner of varicose veins?

A. 'Spider burst' veins are not the same as varicose veins. 'Spider veins' are thread-like blood channels that run just beneath the skin surface and often spread out from a central pool or point. Occasionally, without any obvious injury, the veins rupture and produce a dark spot or bruise. Sometimes attempts are made to treat the tiny veins by injections but they almost always pop up somewhere else. So far as is known, nothing will cure the condition or prevent development of new crops of 'spider burst' veins.

TEST TUBE LIFE

Q. Is it true that scientists have created life?

A. Two biochemists recently created a simple but biologically active virus. To do this they used off-the-shelf chemicals as building blocks plus a substance derived from natural sources. Whether this constitutes the creation of life in a test tube is debatable. For one thing, scientists do not agree on the definition of life. Even so, the reported work suggests theoretical possibilities of eventually overcoming certain hereditary diseases and, perhaps, certain types of cancer.

Dill Wins Memorial Race At Eriez, Scott is 2nd

ERIE — Tom Dill of Erie won the 50-lap Memorial Championship race at Eriez Sunday night when disaster befell Jim Scott, the driver who led the race for 45 laps.

Scott's axle broke on the 45th lap, forcing him to finish the last five laps of the race with smoke and fire shooting from his car. Scott ended up third. Fred Knapp finished second, passing the crippled Scott auto on the 49th lap.

Ron Blackmer again dominated the Sportsmen's Division. However, Skip Furlow ran second on the Youngsville driver for the last 10 laps of the race, giving Ron his first competition of the year.

A newcomer to the Hooligan Class, Mike Eukert of Meadville, won by passing Dick Sampson on the 11th lap of the 15-lap feature. Sampson finished second.

The Sportsmen's Class started 39 cars, the biggest field of the year to date.

The regular racing program will be held at Steelcase next Saturday and at Eriez next Sunday.

Surging A's Win Again

OAKLAND (AP) — Right-hander Jim Nash extended Oakland's string of complete games to six Sunday, hurling the Athletics past the California Angels 5-2 with a five-hitter.

The victory was the fifth for the surging A's in their last six games.

The A's raked California starter Jim McGlothlin for five doubles and an inside-the-park homer by Reggie Jackson in the seven innings he pitched.

Floyd Robinson ripped a pair of doubles, scored two runs and drove in another while Jackson had a single in addition to the first inside-the-park shot ever hit in the Oakland Coliseum and stole two bases.

Nash struck out the side in the first inning, fanned two more in the second and finished with eight strikeouts in squaring his record at 4-4.

Robinson doubled in the second inning, moved to third on a single by Jim Pagan and scored as Danny Cater grounded into a double play.

The A's added three runs in the fourth for a 4-0 lead on doubles by Sal Bando and Robinson, a single by Jim Pagan and Jackson's homer—after Pagan had been erased on a double play.

Don Mincher homered for the Angels in the fourth.

Stanley belted his third home run of the season off loser Steve Barber with the bases loaded in the fifth inning of the nightcap after an error by first baseman Mickey Mantle set the stage. Five of the runs off Barber, just recalled from Syracuse, were unearned.

Detroit Manager Mayo Smith was ejected from the game by Umpire Bill Kinnaman for disputing the call at the plate.

ing run with an eighth inning squeeze bunt.

Pinchhitter Ken Berry started the Sox winning rally in the ninth inning of the nightcap with a single off reliever Ron Perranoski. Buddy Bradburn sacrificed pinch runner Sandy Alomar to second and Tim Lincecum drew an intentional walk before McNertney scored Alomar with a single to center.

Minnesota's Tony Oliva had tied the game 3-3 in the eighth with his second homer of the nightcap and sixth straight hit of the day.

50,000 See Tribe-Nat

CLEVELAND (AP) — Bill Bryan's three-run homer touched off a seven-run Washington rally in the eighth inning and the Senators got four-hit pitching from Jim Hannan for an 11-3 victory over Cleveland and a split of Sunday's doubleheader.

Joe Azcue slapped five straight singles and Larry Brown had four in a row as the Indians took the first game 10-5 before 49,952 fans—the largest crowd here since 1965.

Hannan retired 26 consecutive batters after allowing a leadoff double and a homer by Lee Maye in the first inning. Then May tripled and Max Alvis singled before Hannan got the final out.

White Sox Take Two

CHICAGO (AP) — Gerry McNertney laced a run-scoring single in the ninth inning, giving Chicago a 4-3 victory over Minnesota that completed a Sunday doubleheader sweep for the White Sox.

Chicago won the opener 3-2 McNertney delivering the decid-

Moton Leads Orioles

BOSTON (AP) — Curt Moton's two-out single in the fifth inning scored Don Buford and the Baltimore Orioles defeated the Boston Red Sox 4-3 in a game ended by rain after five innings.

The second game of the scheduled doubleheader was postponed by the rain.

The Orioles had jumped into a three-run lead in the first inning—two of the runs scoring on Curt Blefary's triple.

Carl Yastrzemski's eighth home run of the year made it 3-1 in the bottom of the first and then the Red Sox tied it in the fourth when Reggie Smith opened with a double and Rico Petrocelli singled. One run scored on a force play and when Lee Stange singled following Buford's throwing error, Petrocelli scored the tying run.

In the fifth, Buford walked with two out, stole second, moved to third on Blair's hit and scored on Moton's single.

Since it's never in, it's never out.

Each year the new cars come rolling out with the latest frills. Wow. And each year the old Volkswagen rolls out looking just the same. Ho hum.

But when the year goes by, new fads soon outdate the old fads. And the hottest-looking car last year is just that: the hottest-looking car last year.

But a VW is still just a VW. Not looking up-to-date, but not looking out-of-date either. (So you'll never have a Has-Been on your hands when you want to sell it.)

Instead of wasting time making the VW look better, we spend our time making it work better.

And this year there are dozens of ways it works better. (Including one that makes it work easier: the automatic stick shift.)

In the end, the choice is yours: pay a big price for a year of glory. Or a small price for a VW.

Stage Door Johnny Wins Belmont; Wins in Second Fastest Time

NEW YORK (AP) — Trainer John Gaver had a good feeling about the Belmont Stakes before the race, and Stage Door Johnny had him feeling good after the race.

Stage Door Johnny won the Belmont Saturday, giving Gaver his third victory in the classic and ruining the bid of Forward Pass to become the first Triple Crown winner since Citation in 1948.

"Now that it's over," Gaver said Sunday, "I can say that I could taste the Belmont Stakes since Aiken. Just before we left down there, Stage Door Johnny worked a terrific six furlongs. But he was green, very green."

Stage Door Johnny still is green, having raced just six times in his career.

He came out of Aiken, S.C., where the Green Tree Stable of John Hay Whitney and Mrs. John Payson quarters its horses in the winter, to finish third in a maiden race April 17. He won his first race May 8 and followed with an impressive triumph in a 1 1/2-mile allowance test May 23.

Then Saturday, the chestnut son of Prince John Percepside blonde made Gaver's Belmont taste a sweet one.

He caught Forward Pass with an eighth of a mile to go in the 1 1/2-mile grandstand and the Kentucky Derby and Preakness winner to the wire by 1/4 lengths in 2:27 1-5.

The Max Hirsch-trained entry of Mrs. Adele Rand's Call Me Prince and Robert J. Kieberg's Draft Card were badly beaten third and fourth. Call Me Prince was 12 lengths behind Forward Pass and five lengths ahead of Draft Card.

Completing the order of finish were Adroise, Chomplon, Sir Beau, T.V. Commercial and Jade Amicol.

Missing from the field was Dancer's Image, one of the cen-

Blueberry Plans Golf For Fourth

Blueberry Hill Golf Club will play host to an 18-hole full handicap golf tournament Fourth of July weekend, Robert Zydonik, PGA golf professional, announced the tournament will start Thursday, July 4, and run through Sunday, July 7.

Each player entered may choose his day and starting time by appointment. Trophies will be given for low gross and low net score, and numerous merchandise certificates will be awarded.

With the addition of three new holes, Zydonik pointed out, Blueberry has developed into the county's most demanding course.

The tournament is open to all golfers. A player may register for this tournament by obtaining an 18-hole handicap from his home club and having the handicap certified by the home pro.

Rhodesia Takes Olympic Bid

LONDON (AP) — Rhodesia has accepted an invitation to send a team to the Olympic Games in Mexico, it was reported here.

The Marquess of Exeter, a member of the International Olympic Committee, said the invitation was routine since the Rhodesian Olympic Committee is affiliated with the International Committee.

Rhodesia is ruled by an all-white regime branded as rebels by Britain.

Lord Exeter said there was no segregation in sports in Rhodesia and the IOC was interested only in sports.

Bucs Call Up Patek

PITTSBURGH (AP) — The Pittsburgh Pirates put Chuck Hiller on waivers Sunday and recalled Freddie Joe Patek from Columbus.

Patek, 22, is batting .294 and leading the International League in stolen bases with 12. He will join the Pirates in Los Angeles Monday.

Hiller, 32-year-old utility man who has played for San Francisco, New York and Philadelphia, had five hits in 12 at-bats for the Pirates. It included a double in Sunday's second game.

Food Fair Rolls 3,115

WILKES-BARRE, Pa. (AP) — Food Fair of Philadelphia sprinted into the team lead Sunday in championship competition in the 29th Pennsylvania State Men's Bowling championships. The Philadelphians racked up 3,115 points to bolt ahead of runner-up Harmony Dairy of Pittsburgh, with 2,971. McMahon's Beverage of Upper Darby, last week's leader, was third with 2,941.

All other positions remained the same in the next-to-last week of the seven-week classic here. Some \$85,000 in prize money will be doled out at the end of the tourney next week.

trial figures in racing's wildest Triple Crown series that started with the apparent winner losing and ended with a colt, who was making his first start in a stakes race, winning.

Owner Peter Fuller retired Dancer's Image from racing last Tuesday, ending the closely followed duel between the son of Native Dancer and Forward Pass.

Forward Pass began his march toward the Triple Crown when he made the Derby winner after Dancer's Image was disqualified when a post-

Prairie View Wins NAIA Track and Field Meet

ALBUQUERQUE, N.M. (AP) — "Is it for real? Can I smile?" Coach Hoover Wright of Prairie View asked that Saturday night after his team ended Southern University's three-year domination of the National Association of Intercollegiate Athletics track and field championships.

But Southern's Richie Hill wasn't smiling after injuries to key runners hurt his team's chances for a record fourth straight title.

"We might have been able to stay in it but we were beat before we came here," Hill said. "We didn't prepare and Prairie View did. We won the confer-

Patrick Runs Mile in 3:56.8

PHILADELPHIA (AP) — Villanova's Dave Patrick likes to please his fans and himself. He promised both a sub-four minute mile in the 92nd annual IC4A track and field meet Saturday. He kept his promise.

The 21-year-old senior from Baltimore led a class field around Franklin Field's all-weather track in 3:56.8, fastest outdoor mile ever ran in the East.

"I was running for myself and the public," said the popular blond runner after his record performance. "They (the fans) really backed me a lot. They came here to see a four minute mile and I had to try and give it to them."

Patrick's run highlighted a Villanova romp in the annual Eastern track championships. Coach Jim "Jumbo" Elliott's sensational squad took seven

Emerson Bests Richey In French Open Tennis

PARIS (AP) — Roy Emerson, professional star from Australia, had to battle for nearly three hours Sunday before subduing determined amateur Cliff Richey of San Angelo, Tex., in the French Open Tennis championships.

Emerson, the defending champion, won 6-3, 6-3, 6-3, 6-3, and advanced to the quarter-finals with three other pros—Panchito Gonzales, Rod Laver and Andres Gimeno—who easily rode past amateur opposition.

Richey, however, was the hero of the day with the crowd of almost 12,000, who packed the stands at the center court of Roland Garros Stadium.

Lunn Wins Atlanta Golf

ATLANTA, Ga. (AP) — Muscular Bob Lunn, the cool California kid who won his first pro title one week ago, claimed his second straight championship Sunday by firing a finishing 69 for a three-stroke triumph in the Atlanta Classic Golf Tournament.

Playing with the poise of an old pro, the 23-year-old newcomer collected a \$23,000 payoff with a 72-hole total of 280 strokes, eight under par on the rugged Atlanta Country Club course.

Lee Trevino charged out of the pack with a string of birdies on the front nine, sank an eight-foot birdie putt on the 18th and won the \$13,800 runnerup spot with a closing 69 for a 283 total in his best finish on the tour.

Tied for third at 285 were four other non-winners on the tour—Lou Graham, Frank Boynton, Rocky Thompson and Paul Bon-deson—as the newcomers on the pro circuit continued to push the big names into the background.

Gary Player of South Africa eagled the 18th hole with a long, curling putt to salvage some honor for the veterans, shooting a 73 for a 186 and a tie for seventh.

Jack Nicklaus and defending champion Bob Charles were among the handful deadlocked at 288. Arnold Palmer and Doug Sanders were even farther back, turning in six-over-par totals of 294.

They were no match for the mechanical play turned in by Lunn who had never won a tournament until he captured the Memphis Open last Sunday. Lunn vaulted to sixth place on this year's money list with winnings of \$57,931.

race test revealed an illegal medication in his system.

The big Calumet colt then grabbed the second jewel by romping home in the Preakness. But Saturday he couldn't match the act put on by Stage Door Johnny.

Hellodoro Gustines kept Stage Door Johnny off the pace and had him lying third behind Forward Pass and Call Me Prince after the first mile.

He took over second turning for home, and when Gustines asked him to move, the long-striding colt responded with a

ence championships and quit. It's been a disappointing year for me, I'll tell you."

Prairie View won the 97-team meet with 47 points, Arkansas AM&N was second with 45 1-6, Eastern Michigan third at 42 and Southern in fourth place with 38 1-6 points.

Southern's Robert Johnson pulled up lame after leaving the starting blocks of the 400 meters, 110-meter favorite Harvey Nairn had a leg cramp and didn't run in the finals and sprint star Oliver Ford sustained a stretched fracture of the instep and didn't finish among the top five in the 200-meter finals after winning the semifinals. Nairn's and Ford's

first places in the 19 events, setting six records. There were 11 meet marks established in the two day program.

Patrick's time bettered Jim Ryan's old best in the East of 3:58.6 in New York, June, 1966. The first five runners across the finish line were under four minutes, while the sixth missed the four minute standard by two-tenths of a second. Runner-up Brian Kivlan of Manhattan was five yards back in 3:57.4.

Jerry Richey, a Pittsburgh sophomore, was third in 3:58.6, with Villanova's Frank Murphy fourth in the same time. Fifth was Jack Path of Fordham at 3:59.5, Jim Baker of Harvard was next at 4:00.2.

Villanova won the team title for the ninth time in 12 years, scoring 63 points to 43 for Maryland and 18 for third place Rutgers.

Gonzales, 40, entertained the big crowd with his magic and outclassed Istvan Gulyas of Hungary, one of Europe's hard-court specialists, 6-4, 6-2, 6-2. Laver, the favorite for the first prize of \$3,000 walloped Bob Carmichael of Australia 6-0, 6-1, 6-1, and Gimeno breezed by another Aussie, Ray Ruffels, 6-4, 6-4, 6-3.

In women's doubles play, Nancy Richey and Maria Bueno of Brazil defeated Marianna Cristiani and Anne Marie Rouchon of France 6-4, 6-2 while Julie Heldman of New York and Mrs. Fay Moore of Australia downed West Germany's Edde and Ilse Buding 6-1, 6-3.

"Gee, I'm happy," Lunn said. "I played just like I have for the last couple of weeks—consistently."

"I'd have to say that some good putting has made the difference for me," added the San Francisco native who developed his game on municipal courses and never went to college.

Until he won at Memphis, Lunn was just another unknown on the tour. But, he said, "I never got discouraged. I knew it took a long time to get going out here."

Trevino, stocky little Texan who gained fame for his fifth place finish in the U.S. Open as a rookie last year, equalled his finest pro showing.

The victory was worth \$117,700 to Stage Door Johnny who earned \$2,200 in his two 2-year-old starts and \$14,625 in his three previous outings this year.

The time was second fastest in Belmont history, behind Gallant Man's 2:26 3-5 in 1957; the gross purse of \$161,450 equaled the stakes high, and the 54,854 was the biggest to see the race at Belmont Park. A throng of 61,675 watched the 1964 Belmont which was run at Aqueduct.

injuries forced shuffling of 440 and mile relays which were favored but finished third and fourth respectively.

Ford had tied a world record of 10 seconds flat Friday in the 100 meters.

Prairie View overcame its own tough luck. Jesse Ball won the 400 intermediate hurdles and was disqualified for stepping out of his lane. And Felix Johnson was upset in the 800 meters.

But Prairie View's mile relay team won in 3:06.5 and shot putter James Bagby took the shot with 57 feet, 7 inches.

Arkansas AM&N's Hal Francis set a 400 meters NAIA record of 45.6 and Earl Goldman racked up a meet record of 1:48.1 in the 800 meters.

Other meet records were broken by Larry Ashley of Northeast Louisiana and William Barrett, Eastern Michigan, in the pole vault each at 16.0 1/4 with Ashley winning on fewer misses; Ford's 10.0 Friday, and by John Mason, Ft. Hays, Kan., State in the 1,500 meters in 3:48.3.

GOLFING WITH Arnold Palmer

Golf's first Million Dollar P.G.A. Winner

START THE CLUB BACK "SQUARE"

There should be absolutely no twisting or rolling of the hands and forearms during the start of your backswing. This sort of hand movement opens or closes the clubface unnecessarily. The golfer must reverse the movement to the exact same degree on the downswing if he is to meet the ball squarely.

During your backswing your clubface position should remain "square." To achieve a square clubface, be sure to take the club back with all parts of your body—arms, shoulders, legs—moving together as a unit.

If you do take the club back in such a "one-piece" motion, your clubface will be looking straight out (see illustration) when your hands are hip high. This is a "square" position, one that will set you off on the road to a straight shot. If the clubface looks skyward, you will slice unless you compensate on your downswing. If the clubface looks downward, you will probably hook the shot.

Young Breaks American Two-Mile Run Record

SAN DIEGO, Calif. (AP) — George Young, an Arizona school teacher, came to California to beat the heat and wound up owning the American record in the two-mile run.

Young, 30, a 140-pound Casa Grande health educator, was cheered by 10,482 Balboa Stadium fans Saturday when he ran history's second fastest two miles, 8:22.

But Young, who had to snap the U.S. mark to beat Australian Ron Clarke, nearly decided against competing.

"Wednesday I seriously considered dropping out of the

meet, I felt ill. The weather at home had been about 107 degrees.

"I was completely exhausted," Young said of his running 13 to 15 training miles a day in the hot weather.

Young's effort was only 2.2 seconds off the world mark held by Clarke.

ANSWERS TO BRIDGE QUIZ
Q. 1—As South, vulnerable, you hold:
♠A94 ♥A108 ♦98 ♣K8762
The bidding has proceeded:
East South West
Pass Pass Pass 1♥
Pass ?

What do you bid now?
A.—Three hearts. If you had not passed, a temporary bid of two clubs would be in order with the intention of raising hearts subsequently. But a call of two clubs at the juncture would not be forcing and partner might pass with a minimum hand that could produce a good play for game in hearts.

Q. 2—Neither vulnerable, as South you hold:
♠A9 ♥10965 ♦QJ1042 ♣92
The bidding has proceeded:
North East South West
1♣ Pass 1♥ Pass
1♠ Pass ?

What do you bid now?
A.—Altho your values are at best of moderate quantity and partner has shown no great enthusiasm on his bid, some further effort is called for if only to improve the contract. Your hand is not so unbalanced, and partner has bid both of your short suits, so one no trump appears to be a slightly better choice than two diamonds.

Q. 3—As South, vulnerable, you hold:
♠10874 ♥KQ7 ♦KJ93 ♣KQ
The bidding has proceeded:
South West North East
1♣ Pass 1♥ Pass
1♠ Pass ?

What do you bid now?
A.—One no trump, because this is a very minimum opening. The encouragement of a single raise in partner's should not be extended to him. If he cannot proceed on his own momentum, no game will have been missed.

Q. 4—Both vulnerable, as South you hold:
♠KJ9842 ♥Q3 ♦8 ♣K1076
The bidding has proceeded:
West North East South
Pass 1♣ Dble. ?

What do you bid?
A.—Redouble. Altho this hand is a little shy of the requirements in terms of high card values, the distribution is very favorable. If partner has any sort of fit for spades, game should be a laydown. If not, you fit his clubs well enough to justify strenuous competition for the hand.

Q. 5—Both vulnerable, as South you hold:
♠AJ6 ♥K2 ♦AJ1042 ♣KQ10
The bidding has proceeded:
South West North East
1♣ Pass 2♥ Pass
Pass ?

What do you bid now?
A.—Three no trump. A rebid of just two no trump would not be enough, the limit for which is 18 points and your hand exceeds that mark. It is a ten with partner makes slam prospects bright and strong encouragement should be offered him. The jump in no trump is best calculated to describe the type of hand you hold.

Q. 6—As South you hold:
♠KQ97 ♥KJ10862 ♦A1052
The bidding has proceeded:
North East South West
Pass 1♣ 1♥ 1♠
Pass 2NT Pass 3NT
Pass ?

What is your opening lead?
A.—King of hearts. East has strongly indicated possession of the missing diamond honors by a bid so your only constructive hope on this hand is to find partner with some sort of heart holding. This is not at all unlikely from the bidding. The king is selected in preference to the seven because you are close to having a sequence and dummy may come down with the jack and one heart.

Q. 7—Both vulnerable, as South you hold:
♠AQ1032 ♥A962 ♦K9 ♣J3
The bidding has proceeded:
South West North East
1♣ Pass 2♥ 2♣
Pass 2♥ 3♣
Pass ?

What do you bid now?
A.—Double. It is true you might miss a game, for nine tricks may be available at no trump—but your length in hearts makes the penalty double quite appealing. Repeated forces on declarer will probably have a crippling effect.

Q. 8—East-West vulnerable, as South you hold:
♠K74 ♥9 ♦KJ9753 ♣AQ7
The bidding has proceeded:
North East South West
1♥ Pass 1♣ Pass
1♥ Pass ?

What do you bid now?
A.—A jump of some kind is indicated but there is no completely satisfactory call available. A jump to two no trump might turn out well but we try to avoid the bid on unbalanced hands. Perhaps the lesser of evils is a jump to three clubs, a bid which we usually avoid with only three trumps. We find this slightly preferable to a three diamond bid which somehow seems more confining.

Helen Keller Dies Quietly at Home; Private Services Slated for Monday

EASTON, Conn. (AP)—Helen Keller once wrote: "Death is not the end of life, but only one of its most important experiences."

That experience came to the inspirational blind and deaf author Saturday at her country home, Arcan Ridge, where the 87-year-old Miss Keller had lived quietly in recent years. Her body will be cremated Monday after private services and there will be a memorial service later this week at the National Cathedral in Washington, D.C.

Miss Keller, who would have been 88 June 27, died of "natural causes after a prolonged illness," according to her physician, Dr. Forris Chick. "She died gently, with a smile on her face."

Miss Keller was born in Tuscumbia, Ala., and until she was 19 months old led a normal life. Then she was stricken with a fever that left her blind and deaf, unable to speak more than a few childish words, imprisoned during early childhood in a world she could not cope with.

Acting on the advice of Alexander Graham Bell, inventor of the telephone, Miss Keller's parents finally sent to the Perkins School of the Blind in Watertown, Mass., for a teacher.

That teacher—a young Irish girl named Anne Sullivan—opened a new world to the handicapped child. Their friendship, to last almost 50 years, was made famous in the play and film, "The Miracle Worker."

Using the finger tapping manual alphabet, Miss Sullivan tried to break through the wall of blindness and deafness. Miss Keller, who began to

write while a student at Radcliffe College, led a busy life, both as an author and as a friend to the handicapped throughout the world.

She traveled to more than 35 countries on five continents in behalf of the blind and when she was 75 made a 40,000-mile journey through Asia.

Noted Author Well Remembered For Visit to Warren County

By FRANKLIN R. HOFF

The passing of Helen Keller, at 87, last Saturday at her Connecticut home, recalls her well-remembered visit to Warren.

Helen Keller was accompanied, of course, by her teacher and companion, Anne Sullivan Macy, who had enabled her to overcome the handicaps of being blind, deaf and dumb. She was brought to Warren by the Presbyterian Men's

Brotherhood, and her lecture was in the First Presbyterian Church.

Because a lifelong friend of my parents, Adella Hoyt, blind from childhood, who then headed the department for the blind in the Library of Congress in Washington, was also a close friend of Miss Keller, they has a delightful visit with her after her lecture, Miss Keller touched their lips lightly to follow their speaking. Also her companion, Miss Macy spelled out sentences in Helen Keller's hand.

At the time Helen Keller was engaged in raising a million dollars to help the blind—an almost unheard of amount then. And, like every other task she set out to do, she accomplished her goal.

Miss Keller spoke with a strong voice. It sounded very strange at first hearing, so she spent the first few minutes of her talk allowing her audience to become accustomed to her speech. Her countenance was beautiful, and she had a ready smile and great good humor. Her philosophy was one of great faith and optimism.

Many who realized that, deprived of sight and hearing, her senses of smell, taste and touch were greatly sharpened, did not know that she also was aware in the field of expanded consciousness we label as extra-sensory perception. She loved nature, and responded to it. In one of her writings Helen Keller remarked about a group of three trees she passed daily, that one morning she sensed they had been cut down. "They did not seem to resent it," she said, "but I did for them!"

Tropical Storm Puffs Way Toward Florida

MIAMI, Fla. (AP)—An early tropical disturbance spawned Sunday at the western tip of Cuba and quickly puffed into a tropical storm on a course toward the southwest coast of Florida.

Dr. Robert H. Simpson, director of the National Hurricane Center at Miami, said gale warnings would be posted along the south and southwest Florida coast at 6 p.m. (EDT) for the storm christened Abby.

Rains from the storm pattern already were pelting the Miami area and winds gusting to 35 miles were measured by the Weather Bureau at Miami International Airport.

The storm, with sustained winds of 46 miles per hour and gusts somewhat higher in squalls, moved over the western tip of Cuba late Sunday afternoon and was spotted by aircraft, satellites and radar at a spot about 270 miles southwest of Key West, Fla., Simpson said.

EARLY TOMATOES

Early tomatoes were not as early this year for Angelo Mancuso, 106 S. Pine st., who blames the poor weather, too much rain, and lack of sunshine. Last year Angelo had red ripe tomatoes by April 19. Although not as early as April, tomatoes by the first of June is still reasonably early for a tomato crop, with most gardeners in the area not ready to harvest tomatoes until late June or early July. Mrs. Frank Laubach Honored As 'Outstanding Alumna'

WILLIAMSPORT — Effa Seely Laubach, wife of Frank C. Laubach, pioneer in world literacy, was honored by Lycoming College last evening as the College's outstanding alumna of the year.

Dr. D. Frederick Wertz, president of the College, cited her for having shared in all the success of her famous husband and having given herself in the cause of Christ throughout the world. The award was presented at Lycoming's annual Alumni Banquet.

Mrs. Laubach is well known

in Warren and has been a visitor here with her husband on a number of occasions.

Two of her Warren friends were classmates of Mrs. Laubach's at Dickinson Seminary, which later became Lycoming College; Mrs. E. S. Africa, 207 Third ave. w., and Mrs. B. R. Walker, 218 Conewango ave.

Dr. and Mrs. Laubach began their world-wide literacy work in 1915 when they travelled to the Philippines to launch their famous "Each one teach one" program. The Laubachs have worked with government leaders, educators, missionaries and other concerned citizens in 103 countries. Their unique literacy methods have been adapted to 312 languages.

Mrs. Laubach was born on Christmas Day, 1882 in the little town of Fairmount Springs near Benton, Pennsylvania. She graduated from the Williamsport Dickinson Seminary, predecessor of Lycoming College, in 1903. In 1910 she was graduated from the Nurses Training School of the Presbyterian Hospital in Philadelphia and continued to work there as the night superintendent.

Recognizing a calling to the larger Christian mission field, Mrs. Laubach prepared for this work at the Biblical Seminary in New York City, now known as the New York Theological Seminary. She married Frank Charles Laubach in 1912.

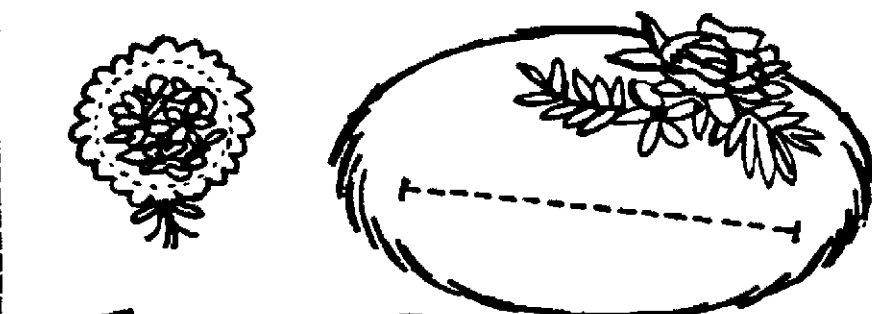

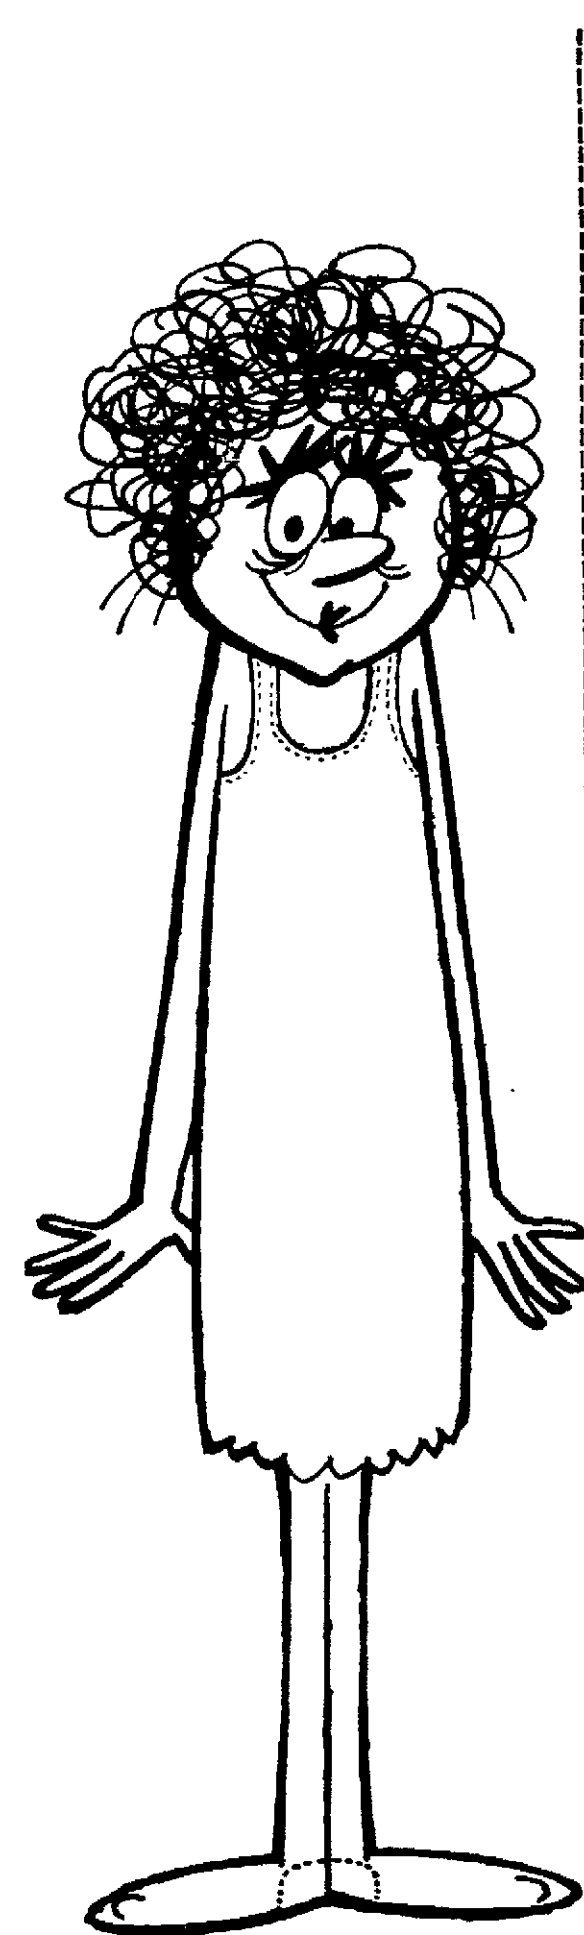

As recently as 1954 and 1955 she travelled to the Far East with her husband and personally worked in the literacy program. Moslem countries such as Algeria, Libya, Egypt, Pakistan, and Afghanistan allowed her to work with women's groups when her husband and other members of the team were unable to speak with these women.

Mrs. Laubach serves as assistant treasurer of Laubach Literacy, Inc. Her husband serves the organization as president of the board of trustees and their only son, Dr. Robert L. Laubach, is the executive director and director of publications.

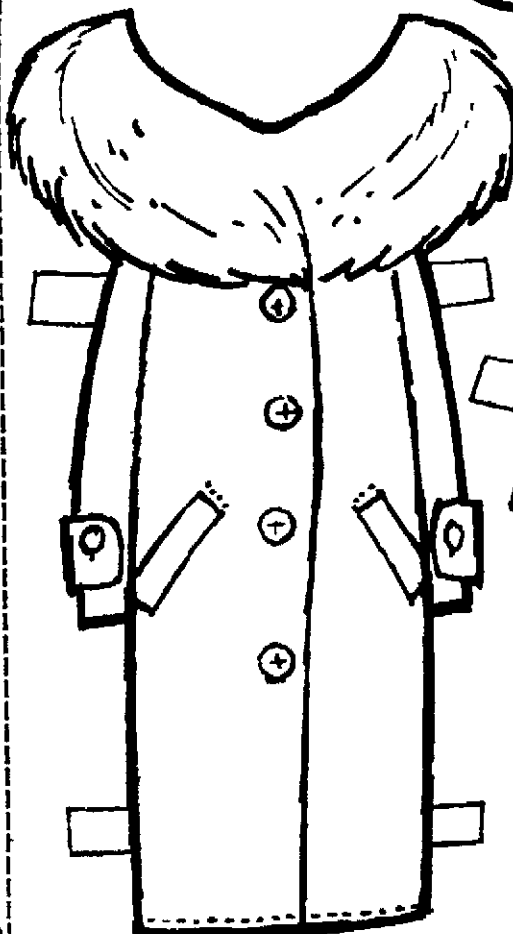

Her husband and son and other relatives were in attendance at the Alumni Banquet to witness the presentation.

Michael Matve, Dairy Herd Improvement Association supervisor from Warren County, has received the Efficient Production Award from National Dairy Products Corporation. The plaque was presented by Earl Baum, Dairy Herd Improvement fieldman from Pennsylvania State University.

This award for supervisor achievement was given in recognition of accomplishments resulting in greater efficiency in dairy production. This plaque, which can be received only once, is given each year to one supervisor in the northwestern Pennsylvania district.

HELPFUL INFORMATION ABOUT CORNS

Corns are horny thickenings of the skin, usually caused by shoes that fit poorly, or wearing run-down heels which make the feet assume an unnatural position, creating friction. Hard corns usually occur on the outer side of the small toe. They can easily be treated by a good corn remedy and we can select a reliable product for you; one that also removes callouses.

Soft corns are formed on the inner surfaces of the toes. They rate the care of a podiatrist. Diabetics should never use corn remedies or cut their corns. When applying a corn or callous remover, always soak the feet in warm water for about 15 minutes. Then thoroughly dry them and place a drop of the corn remover directly on the center of the corn for four successive days. Soak the foot again in hot water and lift out the corn.

Gas Explosion Kills Woman, Injures Eight

COSHOCKTON, Ohio (AP) — A woman died Sunday in the aftermath of a propane explosion that seared two miles of valley farm land. Eight others were hurt — four seriously.

A spokesman for Texas Eastern Transmission Pipeline Co., said a pipe carrying liquid propane apparently ruptured when heavy rains forced earth around the line to shift.

The gas crept through the lowlands, so thick in places that cars stalled for lack of oxygen and residents became sick. Then, said officers, Ben Lahna 24, of Plainfield tried to start his stalled car. A fiery ball swept through the valley, destroying five buildings and seven cars.

Buildings on ridge land were untouched. Lahna and two passengers were badly burned. Edna Brill, 47, and her husband were also hospitalized. Mrs. Brill died Sunday morning.

Erie Man Kills Two, Wounds Self Fatally

ERIE, Pa. (AP) — Police say a man killed his estranged wife and her companion as they waited for her daughter to leave a teen-age dance, then shot himself.

Patricia Minnich, 34, and Leonard A. Young, 41, both of Erie, were sitting in their car outside a fire hall in Harbor Creek Township Saturday night.

Police said James Richard Minnich, 35, of Erie, pulled up alongside the car, shot the couple with a high powered rifle, then shot himself fatally.

Eight Years of Hardship Bear Fruit for Gloria Conde

MEADVILLE, Pa. (AP) — Eight years of working, scrimping — and just enduring — is bearing fruit this month at the home of Gloria Conde.

Her parents go to the doctor Monday for help in repairing the hunger that ruined their health in Cuba.

And Mrs. Conde, a Spanish teacher at Meadville Senior High School, goes to Tampa, Fla., to bring her son to the home she's made in Meadville.

Mrs. Conde was pregnant with her son, David, when she fled Cuba for the United States in 1962 after years of struggling with the paperwork necessary to leave Castro's island.

"He keeps saying in public it's alright for anyone to leave who wants to," says Mrs. Conde, a divorcee.

"But the visas and things make it almost impossible to get out."

Soon after Mrs. Conde left Cuba with her daughter, Mercedes, she began planning to get her parents out, too.

Murdered Man Identified By Wife

MEADVILLE, Pa. (AP) — The body of a man who was found shot with his hands bound behind his back was identified Sunday by his wife.

State police said the woman identified the man as Philip Earl Cownden, 31, of Youngstown, Ohio. Police said she told them he'd been missing since May 9 when he left home.

"This has all the appearances of a gangland murder," a state trooper said.

State police said the body was found Saturday afternoon in French Creek by two young canoeists. Police said the man apparently had been killed a month ago.

Conversational Counselling And Compost

By Bernie Wingert, County Agent

Maybe you recall a column I wrote about ten months ago where I explained that a county agent was a person supposed to spread information on agriculture and related subjects to anyone who asks for it. I further explained that we are on the staff of Penn State University with the assigned task of getting to work within the county all the new findings of research and science. Well today I thought maybe I should discuss the other side of our office staff, the "Home Economist".

I'm doing this because we once again have a new girl in our shop. Her name is Ruth Ann Wilson and she's the most recent of a long line of Home Economists I've known. Only last week she graduated from Indiana University of Pennsylvania. Sharon Corey, our former coworker, gave up her professional work a couple of months ago, and any day now will be welcoming a brand new baby to her home in Marienville. Then she'll have to get out her child care and development book and really study up on the problem!

To get back to the subject at hand, here's what Ruth Ann's job is. She's a professionally trained home economist, capable of assisting homemakers with problems in nutrition, family economics, home management, housing and home furnishings, clothing and textiles, human relations, child development, and several other fields. Well, maybe she doesn't have all the answers but fortunately for the county home economist there are specialists located at the University who are highly qualified in this long list of things I've just named and they are available to provide some of the many answers that are required.

Here are some typical questions that homemakers ask: I'm remodeling my kitchen - have you any plans? Can I refreeze meat that's been thawed since the freezer went bad last Tuesday?

day? How do I get ink stains out of my draperies? And the 4-H girls learning to sew ask - How can I get this zipper in straight? Our county home economist can provide this kind of help. She will hold meetings with adult groups; she has all kinds of publications and leaflets in her file; she'll be doing radio programs, and answering phone calls, and writing news letters, and going to 4-H meetings, and by the end of the summer she'll be a real pro.

It's quite a job just keeping abreast of all the new developments these days, but I can assure you that all of us in the Cooperative Extension Office will do our best to provide you with sound facts based on scientific research from University and government sources.

I'm really an expert on Home Economists. I've worked with half a dozen different ones since I've been in the Extension Service, but what really qualifies me as the ultimate expert on the subject is the fact that I married one on June 12th, 1954. So here we are fourteen years and three little girls later. We were united in the bonds of matrimony on her birthday in order that it would be easy for me to remember, but I still have trouble remembering the day. I'm rather like the fellow who got married on February 23rd. He said "I will never forget our wedding anniversary. It will always be the never forget our wedding anniversary. It will always be the day after Washington's Birthday." "And I" his bride answered "will never forget Washington's Birthday. It will always be the day before we were married."

I've just looked in my date book and see there's a Fair Board meeting on the 12th but I think I'll surprise my wife and we'll go out to dine. If you see us at the Red Barn or up at McDonalds wish her a Happy Birthday, won't you? I'm glad she married me!

Women and Boating

What the self starter did for the automobile, it has done for the motor boat. No woman wanted to break a wrist cranking the family car, nor did she want to "bust her knuckles" starting an outboard motor. So for years the operation of cars and motor boats was strictly a man's job.

Now all this has changed. The ease with which both cars and motor boats can be operated by women has brought about many changes in both modes of transportation. If the design of the modern car has been drastically changed from year to year, and new luxuries added, it has been largely due to the influence of women drivers. It didn't take boat manufacturers long to realize that the slogan, "Never underestimate the power of women" should be taken seriously by boat designers.

I can remember when riding in a motor boat was one of the duller forms of recreation. When I was a boy, the typical motor boat on the lakes in Ontario had a "one lump" motor equipped with a big fly wheel, with a reeding handle, which was cranked to start the motor. It took a strong arm, a strong back, and infinite patience to get the contraption started. The engine was just as temperamental as any hypochondriac. It rested majestically in a pool of dirty bilge water in the center of the floor. Most boats of that period leaked so badly that they had to be constantly baled out.

The boat designers weren't interested in the comfort of the passengers. Two long seats of plain, unpadded wood ran the length of the boat, and the passengers sat facing one another as in the old fashioned street car. The boat made about four miles an hour, providing there was no head wind. If the scenery became monotonous to view, it was because it took so long to go past it. Even the rows of turtles that perched on logs jutting out from the shore lost interest in us as we crept past. If the women didn't take kindly to those old boats, one couldn't blame them.

The early outboard motor boats weren't any more appealing either. The motor was so hard to start that the operator had rope burns on his hands from endless hours of manipulating the starter rope. The boat used was an ordinary row boat, which always held a pair of stout oars. No owner of an

outboard motor in those days would have trusted his new fangled equipment to get him back safely, for it seldom did. He usually had to row back to camp.

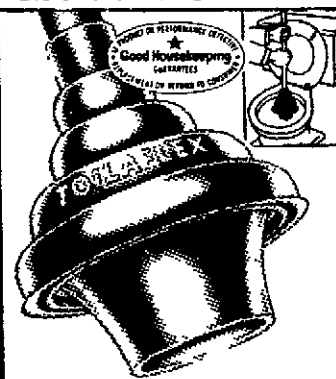

Boating today has become popular with women of all ages, and the manufacturers are doing everything possible to cater to their every whim. The old hard board seats have given way to colorful vinyl seats that can be converted into lounges for sunbathing. Boat hulls came in white, gray or natural wood finish before women called the shots. Now, boats come in all colors. Two-tones, stripes and even gold and silver speckles are popular with the ladies, and they seem to have the say these days.

On the larger boats, where there is room for a galley, the women have demanded space-saving cooking facilities. The boat manufacturers have paid heed to their desires and have installed galleys that will allow the women to do about everything that they could in their home kitchens, but in a fraction of the space.

Thanks to the women, shower stalls have become standard equipment in many boats—even in boats less than 30 feet long. The portholes have given way to picture windows, and convertible tops have replaced the canvas duck ransuit.

The final blow to male supremacy in boating will probably be waterproof carpeting so that the man of the boat can no longer order his wife to swab the decks.
